

B.A.S.E.S

Baseball Clinic

Bring All Skills to Excellence Series

In 2009-10, we will offer a series of baseball instructional clinics and specialty seminars designed to improve each players' fundamental skills as well as to improve the player's understanding of the game. In addition, these sessions are designed to provide each player with the fundamentals necessary to compete successfully at their respective levels of competition. Players will be divided into groups by ability, age, and skill level. The sessions will be directed by Bob Bozzuto, North Allegheny Athletic Director and Assistant Head Coach of the Washington Wild Things Professional Baseball Club of the Frontier League. The sessions will have additional instructors from high school, college and professional levels. This series is supported by Brad Mar Pine, Ingomar/Franklin Park, and McCandless Athletic Associations. Once again we will limit the number of participants in each session. Every participant will receive an e-mail acknowledging which sessions you have been entered. Please reserve your child's entry into the session by sending the application form and fee to the designated location. If I may be of assistance, please e-mail me at: catchbuzz41@aol.com. We have summarized each clinic below:
